

Chevron

# creating prosperity in Thailand

five ways chevron's partnership with  
Thailand is creating a positive  
economic ripple effect

## job growth

# 200,000 jobs

supported by Chevron operations

that's approximately the  
population of Samut Songkhram province

## job opportunities

each Chevron job supported an average  
of 29 other jobs in Thailand

## gross domestic product

# 2 percent

of Thailand's GDP is driven  
by Chevron operations

## local suppliers

# \$6 billion

spent on Thai suppliers

## government revenue

# \$3.5 billion

generated in government revenue

In 2013, Chevron commissioned research firm IHS to quantify how our operations in Thailand contribute to the Thai economy.

Figures were calculated based on the November 2014 exchange rate of \$1USD = 32 baht.
